DAILY SERVICE ON THE C. N. R.

After April First Express Will Leave
at 8 p. m. Every Evening and
Arrive at 10 p. m.

On April 1st a daily train service will be inaugurated on the Canadian Northern Railway between Winnipeg and Edmonton.

At the time that the steel was laid into the city last fall it was announced that the daily service would be put on in June next, but since the rush of business has been so great that the time cannot be longer postponed when the tri-weekly must be superceded by the daily.

The time table has not yet been definitely announced, but so far as arrangements have been made the intention is to leave both Edmonton and Winnipeg at the same time, 8 p. m., and arrive here and in Winnipeg at 10 o'clock in the evening.

The company has the rolling stock to put on an entire list of trains of the present high class and the C. N. R. will be able to maintain its reputation for luxurious equipment.

ANOTHER GOOD BUILDING DAY

Yesterday was another \$10,000 day in the building line. Mrs. G. Hanna, of First street took out the highest permit issued at the city hall, for an office building on First, between Jasper and College avenues, on the premises just to the rear of the Windsor Hotel.

The plans call for a very handsome building, 46 feet deep, which will be divided into three offices. There is to be an inclosed stairway to the second floor which is laid out in half a dozen offices facing on a central lobby. The cost of the building will be \$4,000.

R. W. Hill is building himself a residence on the north side of Griesbach street, between Kensington and Narmay, which will cost him \$1,300 and a stable at the rear which is to cost \$200.

John Bott is building a house on the east side of Ottawa street, between Griesbach and Sutherland streets, at a cost of \$175. Besides these there were several other smaller permits issued.

SIR WILFRID WAS RIGHT

Canada Should Mind Her Own Affairs
and Let Britain Do the Same

London, Mar. 13.—In the House of Commons today the under secretary of colonies, Winston Churchill said no date had been fixed for the next colonial conference. The Colonial Premier had been asked if next March would be a suitable date. He had seen a report of Sir Wilfrid Laurier's speech at Toronto to the effect that Canada intended to attend to her own affairs and had no desire to interfere with Great Britain's controversy over fiscal matters. "The Colonial Statesmen" Churchill "had maintained a correct attitude in this matter."

BUYS REGINA PROPERTY
Regina, Mar. 12.—Over \$100,000 was paid by William Sloan, M.P., of Atlin, B.C., for sixteen blocks of Regina property.

PARLIAMENTARIANS FOREGATHER

The parliamentarians are commencing to foregather for the opening of the legislature. W. H. Cushing, minister of public works, came up from the south yesterday and Mrs. and Miss Cushing will be in town today to stay during the session. C. W. Fisher, M. P. of Banff, speaker of the House will reach the city this afternoon and has reserved rooms at the Alberta. A. T. Telford, representative from Leduc, came in on the late train over the C. & E. yesterday and is putting up at the Windsor. W. F. Bredin, representing Athabasca, will return from Winnipeg this evening, where he has been spending the past ten days. C. W. Covell, clerk of the House, arrived yesterday and is staying at the Windsor.

Besides these, many prominent visitors are expected today and tomorrow from Calgary, Red Deer, Lethbridge, and the West. J. J. Young, of the Calgary Herald, has reserved rooms in the city over the opening, and Mr. and Mrs. Van Wart, also of Calgary, will be in this evening.

A THOUSAND MINERS KILLED

Explosion in a French Mine Results in Terrible Loss of Life--Rescue Work Had to be Suspended

Paris, Mar. 13.—All rescue work has been suspended at the Courriere pits where over a thousand miners lost their lives on Saturday, owing to danger of gases and emanation from the decomposing bodies. The engineers fear another explosion and therefore they ordered up the relief gang. The engineers will attempt to ventilate the chambers before attempting further rescue. The mine company's last estimate places the number of victims at 1,000. A serious disorder was threatened at noon owing to the percentage of parents who wanted to see the bodies of the dead in the hope of identifying them. The authorities promised to admit groups of seventy-five but the delay made parents impatient and they rushed the doors. Great confusion followed, but mounted gendarmes eventually forced back the crowds and order was restored with difficulty. When the parents obtained admission, a sorrowful obstacle was presented as in groups they searched the blackened bodies. The houses of the dead are marked with rough black crosses decorated with simple floral devices. The Chamber of Deputies unanimously voted \$1,000,000 for the relief of the victims.

Alberta Hotel Changes Hands

The Alberta Hotel, considered one of the most valuable hotel properties in Northern Alberta, changes hands today. Del Grierson, who has been manager and proprietor for the past ten years, and who has seen the business build up from a very unpretentious beginning to large proportions, relinquishing ownership and control to a joint stock company, to be known as The Alberta Hotel Company, Ltd., of which W. E. Bonner of Winnipeg, is the promoter and one of the heaviest stock holders. The consideration is \$125,000. The property embraced in the deal is the buildings, business and lot, 120 feet on Jasper avenue and 180 feet on Fraser avenue, extending from the corner back to the lane.

Three local men, whose names are not announced, are taking up a large part of the stock of the new company, and this, along with Mr. Bonner's stock, forms a controlling interest. The balance of the stock is held by outside parties, it is believed in Winnipeg.

Del Grierson, the retiring manager, is one of the best-known hotel men in the Northwest. Thirteen years ago he commenced business in the Queen's Hotel, in partnership with A. E. Jackson, of this city, where they did business for three years. Then they purchased the Alberta Hotel, which was at that time the frame building now used as a sample room, on Fraser avenue, but which at that time stood on the corner. In 1897 a brick addition was built on Jasper avenue, and in three years ago Mr. Grierson bought out his partner and, moving the frame structure back, built the main building of the Alberta hotel.

Mr. Grierson has been singularly successful in the conduct of his business and his unbounded faith in the city of Edmonton which led him to undertake the construction of such a magnificent building at a time when the future of the city was still in doubt, has enabled him to retire with a competence.

Mr. Grierson stated today that he is out of the hotel business for good, as he has other large interests in this part of the country which will occupy all his time. Among other things he holds the Alberta livery, on Fraser, just to the rear of the hotel, and also owns the Delon addition at the north-east corner of the city, besides holding considerable residential and suburban property.

The plans of the new management have not yet been announced, but it is understood that they are going to undertake some extensive re-modelling and improvements. A manager from from the east has been employed and is expected in the city tomorrow or next day.

THISTLES WON CALGARY CUP

Deciding Game Played in the Thistle
Rink Last Night

The Edmonton Thistles have won the Calgary cup. By five scores to two they handed out defeat to the men of the red and white from Strathcona in the deciding game last night in the Thistle rink, and came away with the silverware. It was a great crowd that filled the rink. It was the closing game of the season, and nearly everybody who loved the game was there. Probably, after the incidents of the match last week, some came to the game with visions of free fights and smashed heads and chopped ears. What over their expectations were, however, what the crowd saw was far removed from a bad blood mix-up. It was an all-round good game, just the sort to finish up a season with, and it was played upon as fast a sheet of ice as the rubber ever slid over. The ill-mannered chaps who engaged in a pugilistic contest across the river the other night, did not appear on this occasion. Lane is still holding his hand to his ear, and Richards wisely stayed at home. McKernan, the tall gent of the Strathconas, was out again for a change and played on the wing. The ever-ready "Weary" Wright, of the Thistles, had an opportunity of disporting himself last night. He laid out pretty freely with his hickory and played a star game. It was "Weary" with the crowd every time. "Rockie" Powers played his weight for all it was worth in Lane's place at cover point. The Strathconas had a hard luck story about losing their pet chaser, Ab Kent, but they introduced another member of the clan, Kent the younger, who wields his stick in a nifty manner, but is not fast enough for senior company. Captain McRae had him at cover point for a while, but the lad couldn't keep his eye on the puck and when the Thistles had notched up three in succession right from the jump, he was moved out to the wing, and McArthur brought back.

The boys in the crimson sweaters were not in it the first half. The rubber was batted around at a lively clip for a while, but the Strathconas were mostly on the defensive. Sam Hum's on and McRae's making some fancy stops. In the second half the Strathcona lads were strenuous, and for a minute or two Edmonton people began to look sober. But the Strathconas only got two chances, and the last ten minutes of the game they spent in their own territory.

Arnold Burley was again in charge of the game, with Eddie Sibbald as judge of play.

Several of the players seemed to be possessed of a backwardness in coming out on the ice, and it was 9 o'clock before the centres crossed sticks.

In three minutes fast going, Banford found the rubber down near Grady, and carried it through the bunch like zig-zag lightning. Deaton relieved him and scored the first.

Young Kent yielded to the influence of an evil spirit, and was given two minutes to repent.

Dobson made a rush in his own style and in two minutes' play, fixed another score.

Arnold Johnston, in three minutes also got one; Powers offended in some way at the start of the second, and went to the fence, and Ritchie scored the first for his team. In about one quarter of a minute he came down again and made the second and last.

Deaton made a rush at the end of seven minutes play, and found the net with the rubber. He did the trick again in ten minutes, and time was rung, score 5-2.

THAWED OUT DYNAMITE

With the Usual Consequences—Swede Killed at Kenora

Kenora, Mar. 9.—Another explosion occurred Monday, in Smith's camp Margach, nine miles east of here, whereby one man lost his life and another was seriously injured. A Swede named F. Blark, took some dynamite in a gall into a blacksmith shop to thaw it out. He was cautioned to leave it alone, but replied, "Mind your own business. I know what I am doing". Immediately afterwards an explosion occurred, killing him instantly. It is reported he leaves a widow and one child, living at Louise Bridge, Winnipeg. John Frank, the blacksmith who was working close by is seriously injured, his right arm and thigh being badly lacerated. He was brought into town.

Simmonds May Run in Lethbridge

Lethbridge, Alta., Mar. 6.—(Special to the Bulletin)—Much interest is being taken here in the forthcoming election which has been necessitated by the appointment of Dr. DeVeuer to the Dominion Senate. His election by a large majority is certain if he can be prevailed upon to accept the nomination. A convention of Liberals will be held at an early date in Lethbridge for the purpose of making a nomination.

LAND SEEKERS

Charles Sutter, Dominion Immigration agent stated to the Bulletin today that there are no less than one hundred land hunters out looking for land in the Edmonton district today and that there will be more tomorrow. Besides the large number already out last week, about forty arrived on Saturday afternoon's train and almost all of them went to the land office today to get copies of the township plans in order to learn what land was located and what was open to homestead. A party of about a dozen went down the line to Manville and Vermilion Sunday night to look over the land to the south of the C. N. R. in the Battle River country, and another party of about twenty is going out west tomorrow to look for locations there. The Lobstick Lake country is getting most of the homesteaders at the present time, as there are some very good homesteads in townships 52 and 53, in ranges 6, 7, and 8, which were thrown open only a few days ago. These are being snapped up very rapidly, however, and the surveyors are unable to keep ahead ahead of the incoming rush of settlers. Many squatters are moving in before the survey there, waiting for the land to be subdivided before they file their claims. The Lobstick Lake country is sixty to eighty miles west of the city.

THE FARMERS' ASSOCIATION

Annual Meeting in Strathcona—Are Selling Oats in Car Lots at 40c and Buying Twine Direct

Strathcona, Mar. 12.—The annual meeting of the Strathcona branch of the Alberta Farmers Association, was held in the fire hall here on Saturday, M. R. Weir, vice president in the chair. He stated that as President Warner could not be present, he, as vice president, had the honor to take the chair and felt proud of that honor. He noticed that this being the annual meeting of the branch association, the secretary had laid on the table a long list of business matters which must be attended to; he would at once call on him to read the minutes of last meeting and also last year's report.

Mr. Rice Sheppard, secretary, read the minutes and also the year's report, which showed that much progress had been made during the year and that the financial affairs were in a flourishing condition.

A letter was read from the Territorial Grain Growers Association stating that they were pleased to know that we had organized a provincial association. They were of the opinion that each province could be better served by having its own association and that they, the Territorial Grain Growers Association would be glad to unite and co-operate with the Alberta Association in moving in any important matter. At this stage of the meeting a call was made for new members, and many farmers came forward and joined the association.

The next business was the election of officers and resulted as follows: President, J. Fletcher, Ellerslie. Vice president, D. S. Fulton, East Edmonton.

Secretary Treasurer—Rice Sheppard, Strathcona, Box 47. Directors—J. Govenlock, Ellerslie, C. Peet, Sandy Lake; G. Bell, Salisbury; J. Groves, Rabbit Hill; Mr. Williams, Clover Bar; A. Scatchy, Colchester.

The new president, J. Fletcher, then took the chair, and proceeded with the business. The report of the market committee was then given to the effect that a good market had been found for oats, which would prove profitable. The first thing was to provide for the loading of cars at shipping points.

A report from the fat stock market committee was also read. It stated that stock was not plentiful and that good prices should be obtained, and that farmers should not sell stock less than 4c. per lb. live weight.

The question of getting in binder twine for members was also discussed at length. The general feeling was that our local dealers should get the order, but that last year's treatment made the farmers feel that it was risky to place the order at home. Offers of twine of the best quality were made by wholesale firms, the prices ranging from 11 1/2c to 12 1/2c, per lb. delivered at Strathcona. The matter will be decided at next meeting. Orders for some ten thousand pounds were taken at the meeting. The secretary stated that he had received inquiries for feed and seed oats from the south, and asked the farmers present to say if they were prepared to fill cars. Names were taken of those able to fill cars, at notice. The price to be for feed oats, 10c, for seed oats 4c, per bushel. A hearty vote of thanks was given the officers of last year and the meeting adjourned till April 14 next.

THE PENDING BYE-ELECTIONS

The elevation of Hon. Peter Talbot and Hon. Dr. De Veber to the Senate necessitates the holding of bye-elections in the Strathcona Federal constituency and in the Provincial district of Lethbridge. The date of neither election has been announced, but as the Federal House is now in session and as the Provincial Legislature convenes this week, it is improbable that the contest will be delayed. By holding the elections at an early date, the newly elected members would probably be enabled to represent their constituencies during a portion of the present session. The Strathcona constituency elected Mr. Talbot in the last general elections by a remarkable majority and while the late member was undoubtedly an unusually strong candidate there is nothing in the conditions or questions of the Federal arena today to justify a change in the political complexion of the representation of that riding. The issues in the bye-elections will be practically the issues of the last general election and the verdict then given so strongly in favor of the policy of the Government should be endorsed in the present contest by the return of the Liberal candidate by a very substantial majority. Now as then the question of the hour is the construction of the Grand Trunk Pacific railway, and the elections will be given the opportunity of ratifying the demand they then made for the speedy completion of the enterprise. The tariff issue remains now as in 1904, the choice between moderation and prohibition advanced under the guise of "protection". The establishment of Provincial institutions under the autonomy bill has been secured under conditions which are making for the permanent and rapid development of the country along every avenue of Provincial activity. The general administration of the national affairs continues to be carried on in the efficient manner which has characterized the present Government. Under these conditions it is reasonable to expect the electors of Strathcona to endorse in no uncertain manner the decision they gave on these questions in the general elections.

Nor are there any apparent reasons why the place of Hon. Dr. DeVeber in Lethbridge should not be filled by a supporter of the Provincial Government. The conduct of Provincial affairs has amply fulfilled the high expectations with which the electors placed the management of those affairs in the hands of the Rutherford administration. The Government have taken up the discharge of Provincial business in a business-like manner and though in power only a few months have already accomplished much in preparing the way for progressive management. While the greater portion of the time has of necessity been occupied in the organization of the machinery by which government is carried on, the Ministers have shown a desire to meet the early conditions of the Province by the broad view of governmental duty and opportunity now dawning upon the older Provinces. In so doing they have given evidence of both willingness and ability to utilize the lessons which Alberta may learn from her older sisters at the time when those lessons may most profitably be turned to account. The plain duty of the Lethbridge electors is to return a worthy successor to Hon. Dr. DeVeber in the person of a capable and enthusiastic supporter of the Government of which he has been a member and in the work of which he has borne an honorable part.

"GO FOR THE GOPHER"

"Go for the gophers" is the enthusiastic injunction with which the Raymond Chronicle calls on the farmers of the south to make war upon the destructive invaders of their fields. The cause is laudable, the occasion opportune and the Chronicle appears to have equipped the proper slogan. Brief but expressive, definite but not detailed it touches the common thought and universal purpose in words which stir the spirit like a clarion call and linger in the memory like a sweet refrain. This as a battle-cry should be a mandate, but a mandate in poetry. If there be ought in a war-cry there are troublesome times coming for the gophers.

District No. 17. Area 172,578 square miles. Peace River, Athabasca and Sturgeon District. A vast territory lying in the north and north-western portion of the province.

As yet but little is known of the agricultural possibilities of this district. A few facts are given below with respect to certain settlements, which although too vague to be included in the general statistics, and not entirely relative to crops, are yet of great interest in that they indicate some of the possibilities of this great tract of territory.

Fort Vermilion.—(Lat. N. 58 degrees 24 minutes, Long. W. 116 degrees), is about 350 miles north of Edmonton and 100 miles from the northern boundary of the province. The settlement in this district extends about 25 miles along the Peace River and is 4 or 5 miles in width. It has about 300 head of horses and 500 head of cattle owned by twenty-five farmers and ranchers. In 1905 six or seven thousand bushels of wheat were grown and about 3,000 bushels of barley. There are three small grist mills.

Peace River Landing.—Near T. 83. R. 21, West 5th Meridian. This district, which is about fifteen miles long and two miles wide, has about 150 head of horses and the same number of cattle. The reported crop for 1905 is about 3,000 bushels of wheat and 1,500 bushels of oats. There are two small grist mills.

Spirit River.—This district is about 15 miles square and has from 250 to 275 head of cattle, and from 300 to 400 head of horses.

Grand Prairie. It is reported that in this settlement there are about 200 head of cattle and a large number of horses.

I have studied the making of cigars all my life and I know just what style of rolling makes the best smoke.

I have taken the young men of Granby and taught them to make cigars my way—and I watch them to see that each cigar is made that way. If I made every one of my Pharaoh cigars myself they couldn't be more carefully or more perfectly made.

The result is that my

Pharaoh Cigar

is not rolled so tight that it draws hard or so loose that it burns badly—just the right amount of filler, properly held by the binder, and finished with the wrapper so it smokes freely and burns evenly.

The test of a cigar is the smoking of it, and I am sure after trying my cigar you will agree with me that it is an excellent smoke.

Every genuine "Pharaoh" cigar is branded "Pha-ro."

of every home in Canada there should be found a bottle of Shiloh's Consumption Cure, the Lung Tonic, for Coughs, Colds and all irritations of the throat, lungs and air passages. It is easy to take, gives instant relief and cures permanently.

Generation after Generation have pronounced Shiloh to be the safest, surest, quickest and best family cure for Coughs and Colds. Nothing has ever been found to take its place in the home. Try Shiloh and be cured, or say you were not and get your money back. Isn't this fair? Mrs. E. James, of Hibbing, Minn., says:—"There is no cure like Shiloh for Coughs, Colds, Croup, Sore Throat, Hoarseness, Bronchitis or Whooping Cough. My oldest son was almost choked. The doctors could not relieve him. He used two bottles of Shiloh and was completely cured. What no equal."

EDMONTON MARKETS

Wheat—So far as Edmonton is concerned, the wheat market is closed. The Dowling Milling people and the Alberta Milling Co. have ceased to buy wheat altogether, and there is nothing doing at the elevators.

The milling companies state that they are full up. Edmonton farmers have always received a price away above the market, and probably one of the principal reasons why Edmonton buyers are out of the market is that the Chicago prices in May wheat have been dropping fast, so fast, that they have dropped twelve cents within the past three months.

Oats—Deliveries in oats are still steady however, and the prices are varying but little. Brackman-Ker are buying at 25c for milling oats, and the price for feed is about 23 to 25. The deliveries on the city market are good.

McDougall & Second are paying 25c for the best print butter and offering 15 cents for fresh eggs. The Whitelaw Co. are offering for best print butter from 20 cents to 25c, and for tubs, from 18c to 22c. For eggs they are paying 15c.

The prices quoted by Garlepy & Leonard are for print butter 20 to 25c, for tubs, 18-20c; and for eggs, 20 cents.

PLANS FOR NEW BLOCK

Preliminary plans for the new building which is to be built this spring by the Credit Foncier at the corner of Jasper and Third street have been prepared by Johnston & Barnes, architects and are in the hands of the local management of the company for approval. The plans call for a three storey building 53 feet on Jasper by 110 feet on Third, with sandstone front, and finished on the Third street side with brick and reinforced concrete. The profile shows a wealth of glass both in the front and on the side elevation, and on every storey. The main entrance to the building will be on Jasper avenue and the entrance to the upstairs offices and elevator will be on Third street, at the south end of the building. The ground floor will be divided into two business places, one of which will be occupied by the Credit Foncier and the other, the corner one by the Bank of Hochelaga.

The building is to be built on a plan which will permit of the three storeys being made five at a later date, when the business of the company demands it.

The estimated cost of the building is \$30,000, although the company are not holding themselves down to that figure. It is to be steam heated, furnished throughout with modern plumbing, and in every respect made one of the most up-to-date buildings in the city. The office fittings of the Bank of Hochelaga and the Credit Foncier, which will be the equal of anything to be found in Alberta, are not included in the estimate.
